Dear Mr. Veneroso:

Subject: Your letter dated January 31, 1979, C1-725-24

In checking our files we find that we are unable to locate your letter dated October 16, 1977, C1-726-200.

In reference to your letter dated January 31, 1979, we wish to confirm that to the best of our knowledge our products Kantmelt and Resin Release N, which are petroleum base greases, do not require any special labeling to fill the needs of Hazardous Materials Regulations of the U.S. Department of Transportation.

We have available, for our customers, Safety Data Sheets (OSHA Form #20) on all our products. If any further requirements are needed, please do not hesitate to contact us.

Very truly yours,

SPECIALTY PRODUCTS COMPANY
